

As we celebrate **Black History Month**, we're proud to spotlight a **black-owned brand** that represents entrepreneurship, impact, and community.

# BLK & BOLD

**BLK & Bold** is a pioneering Black-owned specialty coffee company founded in 2018 and recognized as the first nationally distributed Black-owned coffee brand, built on a mission to deliver premium beverages while giving back to youth programs through its pledge to donate 5% of profits to nonprofits serving at-risk children.

Their **Caramel Nitro Cold Brew** showcases this blend of quality and purpose – it's a smooth, nitro-infused cold brew featuring natural notes of creamy caramel and toffee, with an added hint of caramel flavoring for a memorable, velvety taste.
